

# Guardex EP 2

## Multipurpose EP Grease

---

### High Performance Multipurpose Extreme Pressure Grease.

#### APPLICATIONS

- GUARDEX EP 2 greases is high quality multipurpose, extreme-pressure grease based on a blend of high viscosity index mineral oils and a lithium soap thickener and contain extreme-pressure and other proven additives to enhance their performance in a wide range of applications.
- GUARDEX EP 2 is a true multipurpose grease, formulated for lubrication of loaded slide-, ball-, and roller-bearings, wheel bearings, universal joints, chassis, and various shock loaded or vibrating applications in transport, agriculture and off-road equipment, operating in wet, dusty and/or dry conditions.
- Suitable as general-purpose grease for industrial applications requiring NLGI 2 grade extreme pressure grease.

#### ADVANTAGES

- Outstanding Load Carrying Capacity thanks to extreme pressure additives.
- GUARDEX EP 2 has been formulated to offer resistance to water wash-out.
- Outstanding oxidation stability thanks to specially selected base oil.
- GUARDEX EP 2 reliably protect bearing surface against corrosion, even when high amount of water is present.
- Forms a durable lubrication film, resulting in reduction of maintenance and down-time costs.
- Miscible with most other conventional soap greases.
- GUARDEX EP 2 does not contain lead, or other heavy metals considered harmful to human health and the environment.

Test Parameter	Test Method	Value
NLGI grade	ASTM D 217	2
Thickener Type		Lithium
Color	Visual	Yellowish
Appearance	Visual	Smooth
Kinematic Viscosity of the base oil at 40°C, cst	ASTM D 445	220
Copper strip corrosion @100°C for 24 hrs.	ASTM D 4048	1B
Four ball weld load, kg	ASTM D 2596	250
Dropping Point, Celsius	ASTM D 2265	190°
